### CONTACT INFORMATION

Stéphanie TROUSSELLE  
Market Segment Manager Manufacturing  
Industry

#### other contact :

Carole PHANGIA  
Com & Web App specialist

#### other manufacturing & business plants :

Porcheville 78440  
Toulouse 31000  
Salaise 38150  
Berre l'Etang 13130

### KEY FIGURES

**Turnover (2015) :** 256 M€  
**Employees :** 700

### Equipment categories

Welding, brazing, cutting / Machine-tool / Assembly

# LINDE FRANCE SA

## PRESENTATION / KNOW-HOW

During the 2015 year, the Linde group generate 18 billion euros. He's one of the main gas leader in the world with 64.500 employees, 1.5 million of customers are present in more than 100 countries.

Linde based on several year of experience and successful to help you improve your operational performance.

We provide a wide range of industrial gases as ( Oxygen, Argon, Nitrogen, Helium, Hydrogen..) as well as various gas mix through different supply way.

Linde is also a broad range of skills and services in order to address **customers needs**.

Industrial gases are present in each sectors of industry, commerce, science and research.

With the varieties of this sector, Linde have to adapt whole of the gases in terms of volume purity, composition and way of deliveries to ensure the best services

Linde put forward **innovative solutions** to allow its users improve their **performances**, and their **productivity** and never forgetting the **convenience** and the **security** of the operators.

## MARKETED PRODUCTS

Welding, brazing and gas cutting machines	1	2	3	4	5	
Arc welding	1		3		5	
Welding and cutting gas equipment	1	2	3	4	5	6
Gas welding and soldering	1	2	3	4	5	6
Industrial gases	1		3		5	

## BRANDS PORTFOLIO

1	LINDOFLAMM®	2	MINI ARTIGAZ®	3	MISON®
4	MOBILFLAM®	5	NEMO+®	6	PACK NIDRON

SYMOP  
Membre de la FIM

SAFETY ► INTEGRATED ACCESSORY AND NO HANDLING HIGH PRESSURE.  
PERFORMANCE ► QUICK COUPLING, AND SPECIFIC PRESSURE CONTROL

OPTIMUM HEAT TRANSFER TO THE  
WORK PIECE (SPECIFIC BURNER)  
REDUCTION WARM-UP TIME

PROTECT YOUR WELDER AND  
THEIR ENVIRONMENT, INHIBITED  
OF OZONE GENERATION.

## NEW AND KEY PRODUCTS

**LINDOFLAMM®**: Pre-heating solutions that optimise productivity and efficiencies.

**MISON®** shielding gases productivity: The only gases protection to shield the weld and the welder against ozone formation.

**EASY GAZ®** : The distribution network close to the end users, for the small packaging 1 to 2 m<sup>3</sup>. The packaging are easily movable and safe, with a wide range of products as Mini-Artigaz®, Mobilflam®, pack Clim® and pack Nidron®.

## MAIN CUSTOMERS

EIFFAGE - EXAMECA - BILFINGER - BOCCARD - ARCELOR MITTAL - RHODIA - FOOD INDUSTRY - AERONAUTICS - CHEMISTRY - RESEARCH - UNIVERSITIES - INDUSTRY - SECURITY - WELDING - GAS
